So you want to paint with watercolors, but don't know where to start? This class would be a great place to begin because it's full of demonstrations, tips and techniques using this gorgeous transparent medium.

We call it casual because the class is taught at a comfortable level for beginning and intermediate students. There are plenty of demonstrations and helpful hand-outs every week. You'll learn the process of working from photographs, planning a composition, drawing a value sketch, mixing colors for your perfect palette, and best of all, painting with watercolors.

Join us for painting the natural world – trees, birds, mountains, flowers, meadows, landscapes and skies. Reference photos are always provided, but you are also welcome to bring your own. We will enjoy painting together step-by-step on Mondays, gaining confidence and having fun too.
