Modern calligraphy is the art of writing beautiful letters. In this brand new workshop series you'll be learning to hand letter using brushes, nibs, and brush pen markers. Colorful hand lettering is so popular right now because it's a personal touch and an artistic expression in a digital age.

This course is designed for the beginning or intermediate lettering student. We'll start with letterforms, transition to words and then to designs for our brush lettering art. If you've taken Modern Calligraphy here at Curtis before, this is all new, colorful content. If you haven't lettered with us before, please come join us on Monday afternoons.

This class will be full of demonstrations of brush lettering with vibrant watercolors and gorgeous metallic paints. There will be hand-outs every Monday of lettering guides, design templates and plenty of tips and techniques.

Just think how much fun it would be to letter favorite quotes, add calligraphy to social stationeries, pen a dinner menu for your holiday table and create custom personalized gifts. The possibilities are endless.
